Optimize Your Mindset for Millions

If your audience regularly experiences up and down cash flow cycles, consistently under-earns their full potential, or money mindset is next on your list of topics to tackle, this is the perfect talk. Melanie tackles the hidden barriers that drive an entrepreneur's current financial success.

At the end of this presentation your audience will know why their prosperity has suffered -- and what four steps will allow them to start out-earning their expectations.

Eliminate Growth Bottlenecks: Delegate Your Way to Faster, Profitable Results

Designed to help entrepreneurs discover the high cost of trying to do it all alone by unleashing the fastest revenue growth strategy -- outsourcing and delegating. For established business owners ready to grow, Melanie shows the audience how to catapult revenue and results with 3 keys to outsourcing highly profitable activities fast.

By the end of this talk, participants know how to pay for a dream team, and the little known secret to transforming any team into a highly productive goal-achieving machine.

How to Scale Impact and Income Without the Overwhelm

Does your community have a big vision but can't imagine how they can pull it off? Or perhaps they hold back from growing because they are currently in massive overwhelm? In this talk, Melanie will reveal the 3 Growth Factors needed in order to achieve high 6 & 7 figures -- and how to strengthen decision making skills to scale income, impact and influence without losing profitability.

Melanie covers the most common overwhelm triggers for each stage of business along with how to grow with ease and grace by spending more time in their "genius zone."
